Mr. James Fix, Chairman  
Holley Navarre Fire District Board  
8618 Esplanade Street  
Navarre, FL 32566

RE: Holley Navarre FD, Santa Rosa County, FL  
Public Protection Classification: 5/10  
Effective Date: June 1, 2009

Dear Chairman Fix:

We wish to thank you, Fire Chief Les Slocum and Mr. Ken Bass for your cooperation during our recent Public Protection Classification (PPC) survey. ISO has completed its analysis of the structural fire suppression delivery system provided in your community. The resulting classification is indicated above.

Enclosed is a summary of the ISO analysis of your fire suppression services. If you would like to know more about your community's PPC classification, or if you would like to learn about the potential effect of proposed changes to your fire suppression delivery system, please call us at the phone number listed below.

ISO is the leading supplier of data and analytics for the property/casualty insurance industry. Most insurers use PPC classifications for underwriting and calculating premiums for residential, commercial and industrial properties.

The PPC program is not intended to analyze all aspects of a comprehensive structural fire suppression delivery system program. It is not for purposes of determining compliance with any state or local law, nor is it for making loss prevention or life safety recommendations.

If you have any questions about your classification, please let us know.

Sincerely,

*Richard A. Vance*
