

Why have inspections?

Proper enforcement of Fire Prevention and Life Safety Codes is essential to identify and correct potential hazards that could lead to catastrophic loss of life and property.

What to Expect on Your Inspection Day

In accordance with Florida Law and local ordinance 2010-01, a Life Safety/ Fire Inspection will be conducted on all applicable lands and buildings within the Holley-Navarre Fire District boundaries.

As a courtesy, the owner will be notified at least 48 hours in advance of the inspection date.

On your inspection day, please be sure to have an owner, manager or other member of the supervisory staff on duty. ***The Fire Inspector must be able to access all rooms in the building.***

After the inspection, if violations are found, the Fire Inspector will provide you with a list of these violations and advise when he will be back. ***The majority of violations found are minor and are given thirty (30) days to be repaired.*** If the violations pose a severe and immediate threat, the Holley-Navarre Fire District reserves the right to reduce the amount of time required for abatement accordingly.

(Continued on next page)

(Continued from previous page)

Thirty days after the initial inspection, (or less depending on the nature of the violations) the Inspector will return for the first re-inspection. ***No prior notification is given for re-inspections.***

The initial inspection and the first re-inspection are performed ***free of charge***. If, after the first re-inspection, your business is still not in compliance, a \$25 dollar fee will be assessed and the following fees will be levied for each subsequent inspection.

Second Re-Inspection	\$50
Third Re-Inspection	\$100
Fourth Re-inspection	\$250

If your business is still not in compliance after the fourth re-inspection, you may be issued a Notice to Appear. This requires a mandatory court appearance for the responsible party.

NOTE: Because Fire Inspectors may be required to respond to fire-rescue situations, inspections are subject to cancellation without prior notice. In this case, a representative of the department will contact you to reschedule for a later date or time.
